Figure - Dev #112771

[ethernet] [network speed] customer demand,from 1000M to 100M

2022-10-21 16:55 - CD_BSP

Status:	New		Start date:	2022-10-20
Priority:	Normal		Due date:	
Assignee:	CD_BSP		% Done:	100%
Category:	ETH		Estimated time:	24.00 hours
Target version:				

Description

In both modes force speed mode and auto negotiation mode , network speed modification is required.

History

#1 - 2022-10-21 16:58 - CD_BSP

Failed to find an auto-negotiated device. Debugging of auto negotiation mode was delayed.

Submit the changes the forced speed mode first.

#2 - 2022-11-15 15:45 - CD_BSP

- % Done changed from 0 to 50
